## THE RIFLES OF THE HENRY REPEATING ARMS COMPANY

Est. 1862

Made in USA 

2006

# Henry yesterday

Dear Friend,

In every field of human endeavor there is a select group of individuals who are given credit for making such major contributions that they become synonymous with their achievements. In the area of firearms development, one name that must be included on that honored roster is Benjamin Tyler Henry. His invention: The Henry Rifle.

It was Mr. Henry who conceived the first practical, lever action repeating rifle. Patented in 1860, the Henry gave a single man the firepower of a dozen marksmen armed with muzzle-loading muskets.

America was engulfed in the searing flames of the Civil War and the first Henry rifles were in the hands of Union soldiers by mid 1862.

Due to its revolutionary design and rapid rate of fire, the Henry quickly found popularity both with the military and civilian purchasers. Early sales were especially brisk in Kentucky, Illinois, Missouri and Indiana.

With its reliable .44 caliber rimfire metallic cartridge, the Henry produced a rapid and highly accurate rate of fire. Reports of the successful use of Henry rifles in the Civil War were numerous. The incredible firepower unleashed by the Henry is evident in Major William Ludlow's account of the Battle of Allatoona Pass. "What saved us that day was the fact that we had a number of Henry rifles," wrote Major Ludlow. "This company of 16 shooters sprang to the parapet and poured out such a multiplied, rapid and deadly fire, that no men could stand in front of it and no serious effort was made thereafter to take the fort by assault."

After an encounter with the 7th Illinois Volunteer Infantry, which had the good fortune to be armed with

Henrys, one Confederate officer is credited with the phrase, "It's a rifle that you could load on Sunday and shoot all week long."

The Henry rifle would go on to play a significant, if not dominant role in the frontier days of the American West. It would soon become one of the most legendary, respected and sought after rifles in the history of firearms. A contemporary rifle collection isn't complete without one.

The original Henry factory in New Haven, Connecticut

President Lincoln's engraved Henry rifle is a National Treasure

## HENRY REPEATING ARMS TODAY

Today, the Henry Repeating Arms Company, a descendant of the venerable gunmaker, makes its home in an historic industrial area in Brooklyn, New York. From our inception, our goal has been to manufacture a line of classic, well-crafted firearms that every enthusiast would find readily affordable.

Every single part in each Henry rifle is made in America and engineered with features that other gun makers often charge twice the price for. For that reason, our corporate motto is "Made in America and Priced Right".

# Henry today

## THERE'S A HENRY THAT'S RIGHT FOR YOU

We're confident that you'll enjoy and be proud to own any of the firearms in our ever growing family of Henry rifles.

The Henry Lever Action, well known for its reliability, accuracy, handsome looks and smooth action, is available in .22 LR, .22 Magnum, and the new .17 HMR Varmint Express cartridge.

The award-winning Henry Golden Boy with octagon barrel and gleaming receiver, is destined to become a family heirloom that will be handed down from generation to generation.

The unique Henry U.S. Survival rifle, a compact take-down rifle, is ideal for any outdoorsman seeking a rifle that easily fits in a backpack.

Our Henry Pump Action .22 brings back the days of the old-fashioned shooting gallery.

Thinking about that first rifle for a youngster? Choose from the new Henry Mini Bolt .22 or the Henry Lever Action Youth .22.

The Henry Big Boy was inspired by the overwhelming demand of Henry rifle enthusiasts for a centerfire rifle with a smooth and slick action. The solid brass receiver and octagon barrel harken back to the first Henry rifles built 140 years ago. It's bound to satisfy the needs of big-game hunters and Cowboy Action shooters as well.

Today Henry employs the latest innovative technology

## HOW TO BUY HENRY RIFLES

To purchase any one of our rifles, you must do so through a licensed firearms dealer. We cannot sell our rifles directly to you.

Henry rifles are available from the finest gun shops and sporting goods retailers around the country. This catalog may have been accompanied with a list of gun shops in your area. If not, visit our website at [www.henry-guns.com](http://www.henry-guns.com) and click on Dealer Search. You will have access to all the gun shops in your state. You can also phone us at (718) 499-5600 and we can fax you the information. Many gun shops carry our entire product line. Those that do not can special order the model you desire. When contacting a gun shop, for best service, speak directly to the owner or the manager of the gun department

## WARRANTY

Henry Repeating Arms stands behind its products as it has historically. We offer a simple limited lifetime warranty: if you have a problem at any time, and it's our fault, we will correct the problem immediately and at no charge. The warranty does not cover excessive wear and tear to parts, and accidental damage

## GUARANTEED SATISFACTION

As a family owned business, we stand firmly behind our products. We guarantee our rifles, our customer service is second to none, and we will go out of our way to insure your complete satisfaction.

We thank you for your interest in Henry Repeating Arms and invite you to join the ever growing family of Henry rifle owners throughout America.

We are confident that you will be delighted with any Henry rifle you select. Please visit your local Henry dealer today.

# Henry Lever Action .22LR / .22Short

Now you can own a quality,  
American made Lever Action .22  
at an affordable price.

## HENRY LEVER ACTION .22

The Henry Lever Action is a classic Western-style lever action rifle, and one of the most popular .22's on the market today. The reason for its popularity is that it shoots great, looks great and is remarkably affordable—about half the price of the competition.

The Henry Lever Action features an extremely attractive American walnut stock, the quality of which can only be found on guns three times the price.

The action is exceptionally smooth, so smooth many first timers remark that they cannot believe the rifle has any

internal parts. You simply have to get one into your own two hands and cycle the action a few times to see for yourself.

The Henry Lever Action also features side ejection, an adjustable rear sight, a hooded front sight and a grooved receiver for mounting a scope. The blued steel barrel is machined with state of the art multiple groove rifling. The result is a highly accurate shooter.

The barrel length is 18 $\frac{1}{4}$ ", overall length is 36 $\frac{1}{4}$ " and it weighs in at a very comfortable 5 $\frac{1}{4}$  pounds. The easy to load tubular magazine can handle 15 rounds of .22 Long Rifle, 17 rounds of .22 Long and as many as 21 rounds of .22 Short, making it a viable alternative to a semi-automatic .22, and a lot more fun to shoot.

## HENRY LEVER ACTION .22 MAGNUM

If you're sold on the Western styling conjured up by a lever action .22 and want more stopping power for small game and varminting, our .22 Magnum is right for you. Ours features a deluxe checkered American walnut stock, a grooved receiver for easy scope mounting and a 19 1/4" barrel that will deliver the accuracy you need.

The tubular magazine holds 11 rounds. It weighs 5 1/2 pounds and overall length is 37 1/2". With regard to ballistics, in general the .22 Magnum travels twice as fast as the .22 LR cartridge and delivers twice the

energy. Various types of .22 magnum cartridges are available from all the major ammo makers.

Clair Rees, who authored a Rimfire Column article in *GUNS Magazine*, had this to say about our rifle, "I've done enough shooting with Henry's .22 Magnum to know it operates smoothly and reliably. Accuracy is good, too. At 50 yards, it produced 5-rounds averaging an even inch center-to-center with Winchester Supreme jacketed hollowpoints. This great looking .22WMR lever carbine delivers. This is a good buy."

Cartridge Type	Velocity/Muzzle	50 Yards	Energy/Muzzle	50 Yards

## HENRY VARMINT EXPRESS .17 HMR

Model No. H001V

(The cantilever scope mount is included, but the scope is not included.)

Made in USA 

### HENRY VARMINT EXPRESS .17 HMR

When we heard that famed ammunition manufacturer Hornady was going to produce the .17 Hornady Magnum Rimfire cartridge, we knew it was time for us to make a new addition to our current family of popular .22 rifles. Henry Repeating Arms is proud to present its new Henry Varmint Express .17 HMR Lever Action Rifle.

Shooting a .17 caliber bullet from a necked-down .22 Magnum case, the .17 HMR cartridge spits out a sleek little 17 grain bullet at 2,550 feet per second—faster than any existing rimfire. The red-tipped bullet delivers a flatter trajectory. Not only will it more successfully defy wind and gravity, this little speedster will deliver tighter clusters on target.

Our Henry Varmint Express packs

eleven .17 HMR rounds in its tubular magazine. It features a 20" barrel, Williams Fire Sights, cantilever scope mount and checkered American walnut Monte Carlo stock. Like all lever action Henrys, the action is incredibly smooth from the very first shot. It will enable small game and varmint hunters to take full advantage of the .17 HMR with regard to velocity, trajectory, wind drift, ricochet resistance, quietness and accuracy.

The Henry Varmint Express is a great choice for squirrels, prairie dogs, crows, rabbits and even fox or weasels.

For the ultimate varmint hunting experience with a traditional firearm, ask your local dealer about the Henry Varmint Express today.

## HENRY LEVER OCTAGON FRONTIER MODEL

The Henry Lever Frontier .22 was born by adding selected features to our famed Henry Lever Action. The most apparent change is our replacing the standard round barrel with the heavier and visually impressive 20" octagonal barrel.

America's Old West is further captured with its Marbles semi-buckhorn fully adjustable rear sights and beaded front sights. Both sights sit in standard 3/8ths dovetail slots enabling you to change sights if you so choose. A metal barrel band firmly secures the barrel and tubular magazine to the walnut forearm. The grooved receiver is ready to accept your choice of scope, and this classically

handsome rifle is available in .22LR and .22 Magnum. The Henry Lever Frontier is the perfect mix of great looks with dependable, tack-driving performance.

### Q. What kind of wood do you use on your rifle stocks?

A. All Henry rifles with wooden stocks are made of genuine American walnut. The grade of walnut we provide is typically found on guns three times the price of our rifles.

# Henry Golden Boy .22LR/.22Mag/.17HMR

The Henry Golden Boy was selected as the Rifle of the Year by the readers of Guns & Ammo Magazine.

## HENRY GOLDEN BOY

We were honored when the readers of Guns & Ammo magazine selected the Henry Golden Boy as "Rifle of the Year" in 2001. It was the very first time a rimfire rifle won this prestigious award.

Whether you choose one chambered for .22 LR, .22 Magnum or .17 HMR, the Henry Golden Boy is a masterpiece of finely crafted gunsmithing. Any shooting enthusiast who closely examines one is immediately impressed with the excellent fit, finish and overall visually elegant design.

The Golden Boys' awesome 20-inch blued octagonal barrel, American walnut stock, brass buttplate and gleaming Brasslite receiver will transport you back to the wild and wooley days of America's

Old West, when our company founder Benjamin Tyler Henry patented the original Henry lever action repeating rifle in 1860.

Small game hunters and plinkers will appreciate its substantial 6 $\frac{3}{4}$  pound heft. It

balances well and makes for highly accurate offhand shooting. The smooth action associated with Henry rifles opens and shuts with the effortless slickness lever-lovers long for. Get one in your hands and take aim. See what a natural

pointer it really is.

Adding to the historic authenticity is the adjustable buckhorn-type rear sight. The .22 LR version holds 16 rounds as well as 21 rounds .22 Short. The Magnum holds 12. The Golden Boy .17 HMR takes 11. All three will provide a whole lot of shooting pleasure before it's time to reload their tubular magazines.

The Henry Golden Boy is one beautiful rifle that's affordably priced so you hombres won't have to rob a stagecoach to own one.

All we ask is that you mosey on down to your local gun shop and ask to see the Henry Golden Boy. You'll definitely agree it's the rifle that brings out the West in you.

## HENRY GOLDEN BOY DELUXE

Model No. H004DD .22 S/L/LR

Model No. H004MDD .22MAGNUM (new for 2006)

Model No. H004VDD .17HMR (new for 2006)

President Lincoln's engraved Henry rifle, serial number 6, is one of the Smithsonian Institution's great treasures. The frame and buttplate are plated in gold; the stock is of lustrous rosewood. The President was intrigued by firearms and was a competent marksman. (See photo page 2)

## HENRY GOLDEN BOY DELUXE

You no longer have to be a wealthy gun enthusiast to own an elaborately engraved firearm.

It is with great pride that Henry Repeating Arms presents the new Henry Golden Boy Deluxe.

We selected the Henry Golden Boy as the canvas for the application of fine hand engraving which elevates an already beautiful rifle into a work of art. The result represents the true marriage of state-of-the-art gunsmithing with the centuries old craft of engraving.

The tradition of engraving dates back to the middle 1850's when craftsmen—especially from Germany—were engaged by arms manufacturers to create one of a kind design motifs etched into the surfaces of

their guns. The impetus for engraving guns was the practice of giving presentation arms as gifts. During and after the Civil War, it was the custom to bestow a specially

prepared firearm to civic and military leaders, or to a valued business associate or loved family member. The great masters who are credited with the distinctly

# Hand engraved yet remarkably affordable.

Made in USA 

American style of engraving include Gustave Jung, Conrad Ulrich and Louis D. Nimschke.

Our craftsmen sought inspiration from the highly acclaimed work of Louis D. Nimschke who practiced the engraver's art in New York City. Nimschke was famous for his elaborate and classically executed vine scrollwork.

The intricate swirling patterns are deeply etched into all surfaces of the Henry Golden Boy's glowing receiver. They complement the rich, warm tones of the American walnut stock and forearm. The visual effect is tasteful, distinctive and can only be described as emanating the refined elegance of an era gone by.

An oval shape on both sides of the receiver has been left blank so you may have your Golden Boy Deluxe personally

inscribed with any name you wish. A Golden Boy Deluxe is a unique gift for birthdays, graduations, promotions, retirements, Father's Day and holidays. Any sportsman or gun collector who receives one will treasure it forever.

The Henry Golden Boy Deluxe is a limited edition. We are manufacturing a quantity of 1000 units of each caliber. The .22LR was the first to be manufactured, in 2004/5 and is close to being sold out. The .22Magnum and .17HMR versions are new for 2006.

We suggest that all future owners of the Henry Golden Boy Deluxe select a prominent place in their home to display this remarkable example of fine craftsmanship.

# Henry Big Boy .44 Mag / .357Mag / .45Colt

The .44 is the cartridge that was said to have "killed more game, big and small, and more men, good and bad, than any other in existence."

An advertisement from 1862 helped spread the word on "The Most Effective Weapon in the World."

## HENRY BIG BOY .44 MAGNUM

Are you a fan of our nation's Wild West era? Do you go all out and participate in the growing sport of Cowboy Action Shooting? Are you one of the many thousands of avid big-game hunters?

Nod yes to any of the above and you're ready to step up and grab hold of the new Henry Big Boy .44. Magnum. It's big, brutal and beautiful.

Henry rifle owners were inquiring when we'd look back to our historical roots and our designers did just that. The result is the first American made .44 Henry

lever action featuring a solid brass receiver since the original Henry rifle of 1860.

The adventure and romance of America's Old West are imbedded in its distinctive 20" octagon barrel, straight-grip American walnut stock with brass buttplate and brass barrel band. The solid top brass receiver features

side ejection. The overall length is 38½" and this powerhouse weighs in at 8.68 lbs.

A nice 19th century touch is the use of a fully adjustable Marble semi-buckhorn rear sight with white diamond insert and brass beaded front sight.

An original Henry in solid brass with the smoothest action.

**HENRY BIG BOY .44 MAGNUM**

(Scope and mount not included)

**HENRY BIG BOY .45 COLT**  
Model No. H006C

**HENRY BIG BOY .357 MAGNUM**  
Model No. H006M

Made in USA 

The .44 is the cartridge that was said to have “killed more game, big and small, and more men, good and bad, than any other in existence.” Our tubular magazine can pack ten of these powerful bruisers. The .44 Mag is a serious hunting tool and has proven itself time and time again on all of the world’s game. We trust the Henry Big Boy .44 will soon become a favorite of big game hunters due to its handsome looks, rugged reliability and proven knockdown power.

The **Henry Big Boy .45 Colt** is also offered for you cowpokes who do Cowboy Action Shooting. The Big Boys have the smoothest actions of any centerfire lever action rifles on the market today. They work beautifully to give you competition shooters a leg up in any event you take part in. Take a close look at the Henry Big Boys. Cycle their actions a few times. We’re confident you’ll be adding one to your gun collection.

New for 2006, the **Henry Big Boy** is now available in caliber .357 Magnum. The .357 is ideal for bush hunting and makes a great companion to those owning a .357 revolver. It can also handle .38 Special rounds for those who want to enjoy cowboy action shooting.

THE HENRY BIG BOY IS APPROVED BY THE SINGLE ACTION SHOOTING SOCIETY FOR USE IN SASS EVENTS.

## HENRY BIG BOY "Wildlife & Cowboy Editions"

The Henry Repeating Arms Company is pleased to add two unique new products to our lineup of finely crafted American made rifles.

These engraved and handpainted works of art are available in two editions, each depicting related scenes of a story that begins on the buttstock and continues on the forearm. The Henry Big Boy .45 Colt "Cowboy Edition" captures the Wild West adventures of Cowboy life on the trail. The Henry Big Boy .44 Magnum "Wildlife Edition" emulates the pulse quickening thrill of a trophy buck leaping into view.

Each genuine American walnut buttstock and forearm are engraved using techniques which combine today's engraving

technologies with hand craftsmanship passed from generations past. After engraving, artisans individually hand paint the buttstock and forearm using multiple acrylic colors. The original artwork is visually used as a guide, but subtle detailing makes each unit truly one of a kind.

These rifles deserve special display in your home or office, but will hold up to action you meet along the trail. Either way they will surely be passed as an heirloom to your next generation at trail's end. Take a close look at the Henry Big Boys. Cycle their actions a few times. We're confident you'll be adding one - maybe both - to your gun collection. Production is limited to 500 units of each edition. Once they're gone, they're gone.

## GUN TESTS

The Henry Big Boy was favorably reviewed and awarded a "Buy It" rating in the November 2005 issue of Gun Test Magazine. "Henry's brass-framed Big Boy outshone Winchester's Trail's End nearly everywhere: accuracy, smoothness, and trigger function. Ray Ordorica was much impressed with the slick and fast operation of the Henry Big Boy. We tried rapid-fire with .44 Specials, and it worked like a charm. Our only complaint was that we didn't have a brace of Colts on hand in the same caliber."

## HENRY BIG BOY DELUXE ENGRAVED

Little needs to be said about the new Henry Big Boy Deluxe Engraved .44 Magnum. Our guess is that your heart skipped a beat when its image caught your eye as you were leafing through our catalog. Imagine how you will feel admiring one in your hands - you may have to sit down to do so.

Inspired by the engraved Henry rifle presented to President Lincoln, a priceless national treasure residing in the Smithsonian, the graceful, elegant design immediately lets you know that we paid attention to detail. Our craftsmen were instructed to take the elaborate and intricately executed Nimschke style

scrollwork of the engraved Henry Golden Boy and execute a similar pattern on the solid brass receiver of the Henry Big Boy. The result is an awe-inspiring companion piece to the engraved Golden Boy or one that can certainly stand on its own.

# Hand Engraved

### Winner of Outdoor Life's 2004 Best Rifles and Shotguns

The Henry Big Boy received the highest score ever given to a centerfire lever action rifle in Outdoor Life's Annual Gun Test. To quote "The Henry Big Boy's slick, trouble free operation also helped it earn the best score ever given to a rifle of this type. Henry's Big Boy lever action charmed the rifle team with it's smooth cycling, good looks and nostalgic configuration."

HENRY BIG BOY DELUXE ENGRAVED

## HENRY PUMP ACTION OCTAGON .22

The Henry Pump Action Octagon .22 joins faded jeans, Mom's apple pie, and a restored '57 Chevy as an all-American icon. Now fitted with a blue octagonal barrel, it resurrects the great old days of the traditional shooting gallery. The Henry Pump Octagon, available in calibers .22LR or .22 Magnum, is one gun that is built for fun.

It also sports a grooved receiver for mounting a scope, and Marbles semi-buckhorn fully adjustable rear sights with beaded front sights. Both sights sit in standard 3/8" dovetail slots enabling you to change sights if you choose to do so. Beautifully finished American walnut is used for the stock. The .22LR version can hold

15 rounds of .22LR and as much as 21 rounds of .22Short. The capacity of the .22Magnum is 12 rounds. If you must extract an unfired cartridge from the chamber, we have included a grooved release button at the right front of the trigger guard. When pressed back, the lever unlocks the forend allowing it to be retracted to eject the unfired round.

Shooting the Henry Pump Action may be more fun than most people deserve to have. But we won't tell.

Made in USA 

## Q. Where are Henry rifles made?

A. Although it's hard for many people to believe, Henry rifles are manufactured in Brooklyn, New York. We do most machining in-house, from cutting, drilling and rifling our own barrels to machining our own bolts. Our factory is located in an historic industrial area and our employees take great pride in building guns in Brooklyn.

# Henry Mini Bolt Youth .22LR / .22Short

**HENRY MINI BOLT .22 S/L/LR**  
Model No. H005

## HENRY MINI BOLT YOUTH .22

Henry Repeating Arms is proud that its Henry Mini Bolt .22 is the Official Youth Rifle of the Olympic USA Shooting Team.

Made in America, the Mini Bolt .22 is constructed entirely of stainless steel and features a tough one piece synthetic stock. The result is a rifle that is virtually "kid-proof".

Easy to use, safe and reliable, this single shot .22 is the ideal first gun for beginners and can be enjoyed by experienced young shooters as well.

We fitted the Mini Bolt with Williams Fire Sights—an illuminated two green dot adjustable rear sight and a contrasting red front sight. They allow for a simple, consistent sight picture. It's rare indeed to

“The Henry Mini Bolt is simply the best bolt action youth rifle on the market today.”

Wayne Fears  
Editor, Predator & Prey

Made in USA 

find sights of this quality on any youth rifle. A beavertail forearm offers a comfortable and firm grip. The one-piece bolt delivers the extremely smooth action all Henry rifles are famous for. And, for enhanced accuracy, the stainless steel barrel has eight-groove rifling.

And we didn't forget the great looks that young people appreciate. The stainless steel elements contrast dramatically with the black stock and illuminated sights.

Classic styling includes wraparound checkering, pistol grip and European style bolt handle. The Henry Mini Bolt comes with a silver medallion in the pistol grip cap that can be engraved.

Start them the right way. Show that you really love them by bringing a Mini Bolt home today.

The manually operated safety allows the gun to be carried safely when cocked and to load and unload with peace of mind. Overall length is 30¼", barrel length is 16¼" and length of pull is 11½". The Mini Bolt weighs a scant 3¼ pounds, perfect for a youngster's smaller stature.

# Henry Acu-Bolt .22LR/.22Mag/.17HMR

## HENRY ACU-BOLT

If you're a shooting enthusiast with a dual passion for varmint hunting and driving tacks at the shooting range, the Acu-Bolt is the rifle to add to your collection. Whether you choose this single-shot, bolt action rifle chambered in .22 LR, .22 Magnum or the .17 HMR, every aspect of this handsomely crafted rifle is built to deliver the highest level of accuracy.

We have included a 4x scope with a cantilever scope mount at *no extra charge*. If you prefer not to use a scope, it is also outfitted with Williams Fire Sights. The

illuminated two green dot adjustable rear sight and contrasting red front sight allow for a simple, consistent and quickly acquired sight picture.

It sports a tough, weather resistant one piece synthetic stock. The beavertailed forearm with progressive width allows for sure handling.

Its semi-heavy stainless steel barrel delivers the tight clusters you varmint hunters demand for a successful day in the fields. If you tend to do a good deal of

moving about while hunting, the 4¼ pound weight won't be a burden.

The feel and design of the rifle's stock will

# There's no need for a second shot.

## HENRY ACU-BOLT

Available in .22 LR, .22 Magnum and .17 HMR

enable you to be on target almost instantly. As you know, those critters aren't going to stand around for you to get a bead on them. It has been ergonomically designed to fit adult shooters beautifully. Wrap-around checkering, a pistol grip and a European style bolt handle provide impressive, classic great looks.

Like all Henry rifles, the Acu-Bolt's one-piece stainless steel bolt works incredibly smooth from your very first shot. Henry rifles have long enjoyed a reputation

among shooters for providing easy to work actions. The Acu-Bolt continues the longstanding Henry tradition of delivering a high quality rifle which can be purchased for a very affordable price.

# Henry U.S. Survival .22 LR

**HENRY U.S. SURVIVAL .22**  
Model No. H002B / Black  
(Scope not included)

**HENRY U.S. SURVIVAL .22**  
Model No. H002C / Camo

The Henry U.S. Survival comes with a corrugated plastic carrying case with handle.

## HENRY U.S. SURVIVAL RIFLE .22

Henry Repeating Arms has tooled up to manufacture a new and improved version of the famous U.S. Air Force AR-7, now known as the Henry U.S. Survival rifle. This compact and lightweight sportsman's rifle is ideal for all outdoorsmen, including campers, backpackers, hunters, fishermen, boat owners and target shooters. And it can still serve its original purpose as a survival rifle for pilots.

The Henry U.S. Survival rifle is ultra-lightweight, weighing in at a scant 2.5 pounds. The unique design allows the rifle to break down easily into three pieces in seconds. This enables the barrel, action and two 8-round magazines to fit comfortably into the tough ABS synthetic waterproof stock. No tools are needed to

# From 16" to 35" in just seconds.

**HENRY U.S. SURVIVAL .22 LR**  
Model No. H002S / Silver

Only 16½" when stowed

Made in USA 

assemble or disassemble. Once disassembled and stowed, it is only an incredible 16 inches long. Carry it in your backpack with room to spare.

To assemble, simply attach the receiver to the stock, insert the barrel, screw on the barrel nut and you're ready to fire. In seconds, you'll have the security of a semi-automatic rifle without the bulk and weight of a full size firearm.

The Henry U.S. Survival rifle features a steel barrel that is covered in a tough ABS plastic and then coated in Teflon. This unique barrel design allows the gun to balance properly and remain lightweight, yet withstand tens of thousands of rounds. The entire receiver is also coated in Teflon, making the Henry U.S. Survival rifle the most weather-resistant of any AR-7 ever made. As an added feature, the receiver rib is now grooved for easy installation of a scope.

The rifle is capable of feeding both standard and high velocity .22 Long Rifle ammunition. Available in black, silver or camouflage finishes.

## THE HISTORIC HENRY RIFLE:

by Wiley Sword

It was perhaps the most important firearm of its era. Tested and proved in the fiery crucible of the Civil War, the Henry Rifle became the forerunner of the famous line of Winchester Repeating Rifles that "Won the West." To the amazed muzzle loader-armed Confederates who had to face this deadly "sixteen shooter," it was "that damned Yankee rifle that was loaded on Sunday and fired all week." As a key technological innovation firing modern metallic cartridges, the Henry Rifle helped dramatically change the nature of combat. Yet, although a rifle of the future, it was beset with a bewildering series of difficulties that impeded its widespread use. Here is the fascinating story from the frustrations of early sales efforts aimed at the government to the inspired purchase of the Henry Rifle by veteran soldiers who wanted the best weapon - no matter how high the cost.  
104 pp., 7" x 10". Soft cover. **Item #HHR001, price \$29.95**

Henry Gun Case 40" fits all Henry rifles. Item# HCASE Price \$40.00

# Dear Henry...

“ I just wanted to let you know the Henry Lever Action .22 rifle I purchased is just great. I couldn't be more pleased. I give each of my students a copy of your product material. Thank you for making your products available to NRA instructors. ”

James L. Mangels  
NRA Certified Instructor  
Jacksonville, FL

“ My enclosed registration card is for one of the best guns that I have ever bought! The quality, design, and price are all excellent with the added bonus of being made in the USA! ”

Col. Paul J. Connolly  
Hernando, FL

“ If there was ever a gun that shows quality, outstanding craftsmanship, good looks and performance, it is the Henry Big Boy .44 Magnum. It surely shows what it means to be an American. The pride is shown in this firearm. ”

Paul Coolman  
Fort Wayne, IN

“ Thank you for all your assistance. You have been more than helpful. Not only will I do more business with Henry, I will refer anyone I know to buy a gun from you. Your customer service department is the best I've ever dealt with. ”

Thanks again,  
Michael A. Simms

“Thanks for producing such fine rifles.”

“ My name is Nicholas. I am six years old. My Dad just bought me a new .22 Mini Bolt. My Dad has let me target practice a hundred times since we brought it home. I am going to hunt partridge and rabbits with my dad. I know the gun safety rules. This gun is perfect for me. ”

Nicholas Brundle  
Lunenburg, Vermont

“ I just bought a Golden Boy for my son. I have never seen such a look on a boy’s face. That look was worth a million dollars. Thank you for making a great and good looking rifle. He said, “It’s just like the rifle the cowboys used.” ”

One grateful Dad,  
Steve Elling
